Declaration

Conditions of the dog being granted permission to enter are:

- The dog being moved must be fully vaccinated, surgically desexed and healthy with written evidence from a vet supporting this.
- A tick treatment must be applied to the dog during the seven days before moving a dog. The tick treatment must be registered for brown dog tick (*Rhipicephalus sanguineus*) and applied according to the manufacturer's instructions.
- The person responsible for the dog must keep a record of the treatment for brown dog tick for six months after the movement.
- The person responsible for the dog must contact the ALC Rangers if the dog becomes unwell following movement or call the Emergency Animal Disease Hotline on 1800 675 888.

Declaration Cont.

You agree to follow relevant policies and guidelines for the management of domestic animals within the Groote Archipelago.

The above conditions apply to all people who are bringing dogs to the Groote Archipelago including Traditional Owners and residents of all communities and outstations including the GEMCO township of Alyangula.

By signing this form you agree that all the information provided is true and correct.
